

ALLIANCE OF COMMUNITY ASSISTANCE MINISTRIES, INC. (dba ACAM)

RFP No. BAS-2024

For

Bookkeeping/Accounting Services – ACAM Operating

FAQs

Q: I'm a licensed CPA and registered in OH and GA as I have offices in both states. I do perform work throughout the United States but only perform attestation services (examples audits) in Ohio and Georgia where I'm registered. Typically if the RFP does not involve attestation services, I'm eligible to apply. Since one of the requirements for this RFP is that the CPA must be registered in the State of Texas, would this preclude me from applying?

A: Yes. Applications from CPAs that are not registered in the State of Texas will be considered unresponsive and not reviewed.

Q: I wanted to follow up and see whether there is an opportunity to reschedule the meeting as my schedule had me away from the office and I did not receive your request in a timely manner.

A: The reminder email for the optional RFP conference was a follow up to the initial announcement made on February 8, 2024 available at www.acamweb.org/funding-vendor-opportunities. There will not be another conference, however, questions submitted in writing according to the instructions in the RFP will be accepted through 2/27/24 at noon.
